

## TRAINING

To get the maximum use of technology training is generally required. We recommend this be done as early as possible so you are aware of both what is available and any special requirements that may apply to your presentation. We are available at your convenience but in any event you must schedule training in advance of trial.

To arrange your training please contact:

Bryan Woodward, Systems Manager

319-286-2323

## Second Floor Electronic Courtroom Cedar Rapids Iowa

This brochure provides an overview of the components available in the second floor courtroom. For more information please contact systems staff. The equipment currently available includes:

- **Ceiling Mounted Projector** - the Viewsonic PJ-1065 has a brightness classification of 3000 lumens. The projector is used to display evidence from many sources.
- **Digital Document Camera** - Samsung SDP-950R located on the presentation cart.
- **DVD/VCR** - output can be displayed to all locations.
- **Annotation Monitors** - housed on the witness stand and presentation cart enabling witnesses and counsel to draw, point and highlight any exhibit being presented.
- **Evidence Presentation Monitors** - located on the presentation cart, witness box and Judge's bench.

Presentation Cart

- **Real-time Court Reporter** - connections at the attorney tables, Judge's bench and courtroom clerk station.
- **Telephonic Interpreter Phone with Headset** - used to connect a telephonic interpreter to the defendant during court proceedings.
- **FTR Digital Recording** - records audio information from the courtroom including in-courtroom interpreters and telephonic interpreting.
- **Attorney "Smart Tables"** - containing more easily accessible connections for laptops, microphones and telephonic interpreting equipment.

Smart Tables

- **Laptop/PC Connections** for display of evidence or PowerPoint from two attorney tables, Judge's bench and a connection at the courtroom clerk's station. The touch panel at the presentation cart is only capable of selecting the attorney table locations and the presentation cart.

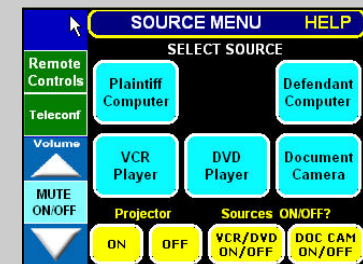

Laptop/PC Connections

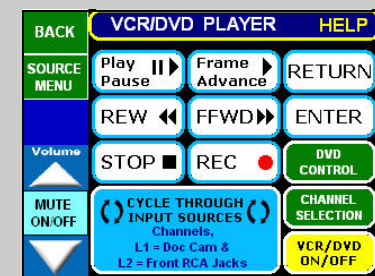

- **Courtroom Teleconferencing** - capability from the courtroom audio system.
- **Touch Panel Menus** - housed in the presentation cart.
